

/ BEST PRACTICE

VIRTUAL CLASSROOM TRAINING

Our acclaimed and accredited Virtual Classroom Training is perfect for busy people who are unable to travel to classroom events, and for organizations that do not want to fly a trainer in but can provide the video conference technology for a group of their delegates.

It provides you with a straightforward and convenient training engagement that combines the practicality of learning at home, whilst still gaining full access to our expert trainers, interacting with them in our live virtual classroom.

Our objective is to help you gain your professional learning experience in the most convenient manner. All our courses are available for delivery through the Virtual classroom delivery method.

Stay at home, but join our trainer via your internet connection for full interactive sessions. We use state of the art technology to provide the virtual classroom events.

/ TARGET AUDIENCE

This event is suitable for any attendee interested in any of our events, but is not in a position or too busy to attend a normal classroom event.

/ REQUIREMENTS

A PC, tablet or iPad. Speakers, microphone or headphone set (recommended) is required. Any standards compliant browser (Firefox 3+, Chrome, Safari, MS Internet Explorer 6+) with latest flash player, acrobat, and a reliable internet connection. Corporates to ensure their Firewall allows Cisco product access.

/ GAINING CERTIFICATION

We offer Virtual Training for all APMG and Axelos accredited Standards, Methods and Models. You are able to write the Foundation and Practitioner exams online if they are available, using the ProctorU technology or if you have a group of delegates then we can appoint an invigilator for an online or a written exam. In some countries you can attend a public exam venue.

The following table shows which exams are available online and the number of virtual training days, these exclude exam time (**F = Foundation days, P = Practitioner**):

Exam	No. of Virtual days	F	P
AgilePM®	F3 P1	Y	N
Better Business cases™	F2 P2	Y	N
Facilitation	F3 P1	Y	N
Managing Benefits™	F3 P1	Y	Y
Management of Portfolios (MoP®)	F2 P1	Y	N
Management of Risk (M_o_R®)	F3 P1	Y	N
Managing Successful Programmes (MSP®)	F3 P1	Y	Y
Portfolio, Programme, Project Office (P3O®)	F3 P1	Y	N
PRINCE2®	F3 P1	Y	Y

/ KEY FEATURES

The key features of the Virtual Classroom Training (VCT) event are:

- ✓ Directly interact with the instructor's explanations
- ✓ View instructor demonstrations on your monitor
- ✓ Complete hands-on exercises and quizzes with our on-line tools
- ✓ Communicate with the instructor using Voice over IP (VoIP), and online chat
- ✓ A Manual (Hardcopy or Digital-if available)
- ✓ Meet and engage with your fellow on-line delegates
- ✓ Well scheduled module sessions and breaks
- ✓ Question and Answer sessions; group and one on one with the trainer
- ✓ Access to an experienced Trainer & Consultant
- ✓ Access from any location in time zones between UCT/GMT 0 and UCT/GMT +4
- ✓ Online practice exams
- ✓ Online certification exams where available
- ✓ PDU's for PMI practitioners
- ✓ Comprehensive examination preparation giving you the best chance to successfully attain certification

Our primary goal is to provide you with high quality and valuable training. We use our 15 years' experience in training and consulting to make your training engagement insightful and comprehensive which results in a well-earned international certification.

/ CONTENT

Snap Tech's Virtual Classroom Training contains all the learning modules for both Foundation & Practitioner level certification, so there is no need to purchase additional learning software.
